

Operations Manager

Being an effective Operations Manager can require a multitude of operational and people skills. Designed for Supervisors or Managers looking to move into a more senior management role, our Operations Manager programme delivers a broad range of practical management knowledge and transferable business skills, to ensure individuals are equipped with the tools required to effectively run and operate departments, teams and organisations.

Acting in a leading role within an organisation requires high levels of accountability. Our programme equips individuals not only with the skills, but the mindset to drive measurable improvements across the business through creating robust plans, developing teams and providing clear direction and communication.

Programme Benefits and Outcomes

Your Operations Manager will be able to;

- Develop a range of technical proficiencies, including but not limited to – Management techniques and skills, Effective communication and delegation, Leadership Capabilities, Strategic and Operational oversight
- Understand how the skills fit your business needs and implement these effectively
